<b>List of figures</b>	<b>5</b>
<b>List of tables</b>	<b>5</b>
<b>List of maps</b>	<b>6</b>
<b>List of pictures</b>	<b>7</b>
<b>Abbreviations and acronyms</b>	<b>8</b>
<b>1. Introduction</b>	<b>9</b>
1.1 Research problem and aims of the study	9
1.2 Structure of the research process and chapter outline	11
<b>2. Key research concepts: forced relocation and social vulnerability</b>	<b>14</b>
2.1 Displacement and relocation studies	14
2.2 Forced relocation	15
2.3 Conceptual perspectives on forced relocation	16
2.3.1 Thayer Scudder's stress and settlement process	16
2.3.2 Michael Cernea's Impoverishment Risks and Reconstruction Model for resettling displaced populations (IRR model)	18
2.4 Vulnerability and livelihoods security	22
2.5 Two conceptual frameworks to study vulnerability	23
2.5.1 Bohle's conceptual model on double structure of vulnerability	23
2.5.2 Sustainable livelihood framework	25
2.6 Context, assets, actions and outcomes	26
2.6.1 Context	26
2.6.2 Assets	27
2.6.3 Actions: livelihood strategies in the context of forced relocation	32
2.6.4 Outcomes: security or vulnerability	34
2.7 Analytical framework of the study	35

<b>3. Research methodology</b>	<b>36</b>
3.1 First stage	37
3.1.1 Selection of research area	37
3.1.2 Selection of field locations	40
3.1.3 Unstructured interviews with community members	41
3.2 Second stage	42
3.2.1 Selection of sample households	42
3.2.2 Administration of the interview schedule	43
3.2.3 Key informant interviews with government officers	44
3.3 Third stage	45
3.3.1 Re-interviewing heads of sample households using a different interview schedule	45
3.3.2 In-depth interviews with selected household heads	46
3.3.3 Semi-structured interviews with host community members	47
3.3.4 Key informant interviews with office bearers of community-based organizations and project officers of Non-Governmental Organizations	47
3.3.5 Participatory rural appraisals	48
3.4 Triangulation of methods	48
3.5 Data analysis	49
3.6 Problems faced during the fieldwork	49
3.6.1 Dependency syndrome of study communities	50
3.6.2 False promises	50
3.6.3 Troublesome questions	51
3.6.4 A change in data-collecting tools	51
<b>4. Introduction to research locations and socio-economic and demographic characteristics of households</b>	<b>51</b>
4.1 Introduction to the selected research locations	51
4.1.1 Katupolwaththa relocation settlement	52
4.1.2 Cinnamon Garden relocation settlement	56
4.1.3 Tea Garden relocation settlement	58
4.2 Socio-economic and demographic characteristics of the study population	61
4.2.1 Ethnicity and religion	61
4.2.2 Gender and age	62
4.2.3 Marital status	63
4.2.4 Educational attainment	64
4.2.5 Current activity status	64
4.2.6 Income-earning activities	65
4.2.7 Land ownership	66

<b>5. The impact of the tsunami and the forced relocation process</b>	<b>67</b>
5.1 Uneven geographical impact of the tsunami	67
5.1.1 Deaths and displacement	68
5.1.2 Damage to housing	70
5.1.3 Loss of income-earning activities	70
5.1.4 Damage to infrastructure	72
5.2 The forced relocation process	73
5.2.1 General institutional arrangements for relief and reconstruction	73
5.2.2 Living in temporary camps, tents and transitory shelters	77
5.2.3 Living with relatives, friends, rented rooms or houses	81
5.2.4 In search of a permanent place to stay	81
5.2.5 Re-settling: promises and hope	84
<b>6. The impact of forced relocation on household financial capital and livelihood strategies</b>	<b>87</b>
6.1 The impact of forced relocation on household income and expenditure	87
6.1.1 Disruption to income-earning activities	87
6.1.2 New household expenses	95
6.2 Livelihood strategies in the context of income-related stress	100
6.2.1 Coping strategies	100
6.2.2 Enhancement strategies	104
<b>7. The impact of forced relocation on housing, common infrastructure, other services and social relationships</b>	<b>117</b>
7.1 Poor-quality housing	122
7.2 Lack of common infrastructure and other services	122
7.2.1 No bridge to cross the Maha Dola	124
7.2.2 No drains	124
7.2.3 No community centre or playground	124
7.2.4 Access roads	125
7.2.5 No garbage collection	126
7.2.6 Mail delivery	127
7.2.7 No legal documents assigning property	128
7.3 Social relationship between old and resettled communities	128
7.3.1 New income earning opportunities and new common services for old settlers	128
7.3.2 Fractured social relationships	129

<b>8. Specific case studies: The impact of forced relocation on household social vulnerability</b>	<b>134</b>
8.1 Household profile 1: Bandu (40 years old, a daily-paid fisherman) and Chamila (37 years old, housewife) belong to the lower socio-economic group at Cinnamon Garden	135
8.2 Household profile 2: Gune (32 years old, boat owner and fisherman) and Sriya (30 years old, grocery shop owner) belong to the upper socio-economic group at Cinnamon Garden	139
8.3 Household profile 3: Sagarika (46 years old, home-cooked lunch packet seller) belongs to the lower socio-economic group at Katupolwaththa	142
8.4 Household profile 4: Sathyendra (52 years old, bakery owner) and Pushpa (42 years old, housewife) belong to the upper socio-economic group at Katupolwaththa	145
8.5 Household profile 5: Roshan (28 years old, street vendor) and Ganga (27 years old, housemaid in Kuwait) belong to the lower socio-economic strata at Tea Garden	148
8.6 Household profile 6: Priyantha (40 years old, trawler boat fisherman) and Shirani (34 years old, grocery shop owner) belong to the upper socio-economic group at Tea Garden	151
8.7 A synopsis of the household profiles	154
<b>9. Conclusions</b>	<b>154</b>
9.1 Conclusions of the empirical findings	155
9.1.1 Forced relocation of tsunami displaced people	155
9.1.2 Exposure to stresses and risks related to financial capital	156
9.1.3 Exposure to poor-quality housing, and lack of common infrastructure and other services	157
9.1.4 Exposure to fractured social relationships between old and resettled communities	158
9.1.5 Livelihood strategies and outcomes	159
9.2 Further research	160
<b>Annex I Semi-structured interview guide to interview key informants</b>	<b>161</b>
<b>Annex II Semi-structured interview guide to conduct interviews with host community members</b>	<b>163</b>
<b>Annex III Semi-structured interview guide for in-depth interviews with selected resettled household heads</b>	<b>164</b>
